Prologue

The most popular plays are constantly being performed in high schools, colleges, and community theaters. The following recommendations have been assembled for use by lighting designers of all experience levels as either a stand-alone color and gobo set or a starting point for the lighting of the production. Keep in mind that fixture placement, focus, or intensities are not addressed as they are based on an individual theater's equipment list or rental budget.

The filter colors shown are "safe" colors in that they reflect the proper colors and moods of the scenes based on the indicated primary lighting sources from the script. Lighting design, being an art form in and of itself, is variable to suit the eyes of many people. If it is felt a recommended color is too deep or too light, change it. Also, gobo selections are up to the director or lighting designer's discretion. Apollo Gel and patterns are good values. Both were chosen with reuse in mind for future productions.

If you find a need for a color filter or gobo design outside these recommendations, please send an e-mail to marketing@apolloesign.net. Apollo always strives to improve the tools and products we bring to your performances.

Have fun and break a leg!

“The Diary of Anne Frank” Authors: Frances Goodrich & Albert Hackett	
Notes	<p>The entire play takes place on the same set. As far as lighting concept, the designer needs to indicate the various times of day by suggesting different light sources. The window to the outside will be an important indicator of time of year and time of day. The play is packed with strong emotions; therefore, the lighting can help echo those feelings.</p> <p>**The lighting for this play can be simple or complex. Patterns should be used to assist the scene and care should be taken to not overpower the scenes.</p>

"Our Town"

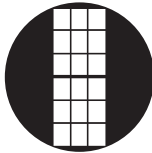

Author: Thornton Wilder

Notes	The stage has a lot of separate areas of focus on it. The designer can indicate the separations by using various colors suited to the purpose of that area (interior, gravesite, bedroom), but care should be given that the stage does not appear too dark or dim.
Act 1 "Daily Life"	
Setting	Grover's Corners, New Hampshire.
Lighting Indicators	Early morning half light "dawn streaks." Morning Star (noted in dialogue), May 7, 1901, stage manager special (if available) on DSR proscenium.

"The Glass Menagerie"

Author: Tennessee Williams

Notes	<p>Lighting notes from The Glass Menagerie by Tennessee Williams: In the original lighting notes from the play, there are several statements concerning the lighting design aspects. These are very valuable in helping to make design decisions. Here are a few that are notable:</p> <ul style="list-style-type: none"> • Dimly lit. • Not realistic lighting. • Shafts of light focused on selected areas. • Clearest pool of light on Laura. "Peculiar, pristine clarity." <p>In the script of the show there are various images and legends that were used in the original performance. Through the advances of technology these can now be projected by various means, the simplest being a 35mm slide projector (Kodak® Ektagraphic type). By using the AV department on school campuses or a student that is savvy to Photoshop®, the images can easily be created and projected. With the advent of video projectors, some companies have used 1,000 to 5,000 lumen video projectors to project the static images and legends. Some directors will consider using custom gobos as well as standard design patterns to "suggest" the images and legends.</p> <p>There are several areas of importance for lighting color choices.</p> <ul style="list-style-type: none"> • Laura - she should appear fragile but NOT sickly. • Fire Escape - a lot of dialog takes place here while other activity happens elsewhere. Be sure to allow the lighting enough flexibility to highlight this area when needed. • The glass menagerie - should look different than the rest of the living room. This is Laura's "security blanket." • "Smoky, red glow" - mentioned in the Amanda and Tom argument scene. The colors should not be malevolent or suggest violence. It should be a subtle indication of frustration and tension. • Dance hall lights across the alley - These should not be a distracting flash of lights. The dance hall is a suggestion of a happy, carefree life that Tom envisions that he is missing. The music of the dance hall will carry most of that element of the show. <p>The following color and gobo recommendations are based on using "safe" colors that will not be overpowering to the delicate nature of the play. There are strong dominant colors used periodically but should only be used to suggest anger or frustration of a given scene or to suggest the dance hall across the alley from the apartment. Although gobos were not used at the time that the play premiered, there are suggestions of various Apollo designs and products that will help enhance the scene or assist in establishing a time or place.</p>
Scene 1	
Setting	<p>Note: Setting is the same throughout entire play.</p> <p>Setting: An alley in St. Louis. An apartment at the rear of a building. The apartment is entered through a fire escape and landing. The apartment building "is flanked on both sides by dark, narrow alleys." At opening the tenement wall becomes transparent exposing the interior of the Wingfield apartment (see script for details).</p>
Lighting Indicators	<p>"The scene is a memory and is therefore nonrealistic." "The interior is rather dim and poetic."</p>

Pattern Suggestions	<div>Beams 2 2202</div> 	Beam gobos on floor and/or walls.	<div>C. Morrison - Breakup Sticks 2 2208</div> 	Jagged gobos on walls or cyc (used subtly to add depth to setting and scene).	<div>Window Three-Column 6020</div> 	Window gobos on floor.
Act 4						
Setting	A Salem jail cell.					
Lighting Indicators	Moonlight seeping through bars in window. Lantern light (enters). It is early morning before sunrise in the fall.					
Color Suggestions	<div>AP4300  London Blue or</div> <div>AP4600  Electric Blue - Moonlight</div> <div>AP4700  Timid Blue or</div> <div>AP7250  Nude Gold - Lantern light (the same light source that is used in Act 1, if scenic elements allow it)</div> <div>AP8350  Bludgeon Red - Red light - to accentuate intensity of scene</div> <div>AP3200  Submissive Lavender - Sunlight outside as sun comes up and to indicate drama that ends play</div> <div>AP7700  Peach Amber - Warm overall wash. See Act 1 notes</div>					
Pattern Suggestions	<div>Breakup Twig 1040</div> 	Opening moon-light break-up on rags (Sarah Good)	<div>Horizontal Lines 1033</div>  <div>(or)</div> <div>Bars 2330</div> 	<div>Noose 3061</div> 	<div>Side Note:</div> <div>A custom gobo design for the gallows could be used if realism is important. The gallows could be projected outside of the door, on the cyc, or even on the floor as if the sun is rising behind the gallows.</div>

Notes	

"The Crucible"

Author: Arthur Miller

Notes

The show is written with very intense drama. As the lighting designer, you must help echo that intensity carefully. The scenery is fairly sparse so the urge to complicate the lighting might be strong. Please be careful as the fine line from assisting the action to distracting from the action can be easily crossed.

Act 1

Setting

Small bedroom in home of Samuel Parris.

Lighting Indicators

Morning sunlight streaming in from window on left.
A candle still burns near bed. It is spring 1692 in Massachusetts.

Color Suggestions

AP6600  **Harvest Gold** - Morning sun through window

AP4800  **Ice Blue** - Morning sky

AP4700  **Timid Blue** or

AP7250  **Nude Gold** - Candlelight

AP7700  **Peach Amber** - Warm overall wash (this could be used throughout entire show to enhance skin tones, add general illumination, and work with the other recommended colors)

Side Note:

Consider adding red backlight (**AP8200**  **Scandalous Scarlet** or **AP8350**  **Bludgeon Red**) used sparingly as a wash on floor to increase the tension in the scene as indicated by the script

Pattern Suggestions

Window
4020

(or)

Window Plain
6001

Side Note:

Window gobo #6001 projected on floor near window to indicate the sun streaming through the window and to add detail to the scene.

Foliage Breakup
1027

Breakup Twig
1040

Side Note:

Consider a large break-up in the red backlight to add depth and texture to the floor.

Act 2

Setting

The common room in John Proctor's house.

Lighting Indicators

Fireplace at left (main source). A door opening to the fields at right. "It's almost dark" spoken by actor. The room is low, dark.

Color Suggestions

AP7400  **Apollo Gold** - Fireplace

AP7600  **Apollo Orange** - A second color can be alternated with **AP7400** to indicate flickering firelight

AP7700  **Peach Amber** - Warm overall wash. See Act 1 notes

AP4270  **Rhythm & Blue** - Outdoor early evening light

AP3500  **Apollo Lavender** - Outdoor night light

Breakup Camp Fire
2448

(or)

Gobos focused in fireplace can be used as a chase to give firelight effect.

Ocean Ripples
2277

Side Note:

An alternate effect would be a Smart Move® rotator with Apollo #2277 and **Crushed Dichroic "Fire"** pattern rotating and focused in the fireplace.

Crushed Dichroic
"Fire"

Clouds Full
1102

(or)

Night Sky
SR-1102

Early evening cloud gobo seen through doorway on a flat or cyc.

Pattern Suggestions

Fireplace Victorian
6061

Staircase Enclosed
6084

Side Note:

Apollo carries two patterns which could be used to indicate the fireplace and the doorway scenic elements.

Breakup Fire Natural
2477

Side Note:

To simulate the flickering of a fireplace, consider using two fire patterns (Apollo #2477) with **AP7400**  **Apollo Gold** and **AP7600**  **Apollo Orange** alternating as a backlight focused on the floor to give the scene a bit more realism.

BE CAREFUL that it does not distract from the action and dialogue.

Act 3

Setting

Vestry room of the Salem meeting house.

Lighting Indicators

Sunlight pouring in through two high windows. The room is solemn, "even forbidding."

Color Suggestions

AP7050  **Fatherless Amber**

and

AP3300  **Whispering Lavender** - Use both of these for sunlight through windows

Side Note:

The two colors can be alternated subtly to echo the coldness or dramatic events of the scene

AP7100  **Hot Cocoa** - Beam pattern on cyc or walls

AP7700  **Peach Amber** - Warm overall wash. See Act 1 notes
