Quick-Release Crimping Pliers—
Tool has a quick-release lever (similar to the one on vise-grip pliers) that easily opens the jaws. "Zero point" lock helps ensure reliable crimping with high pull-out resistance. Tool is marked with standard and metric sizes—use to crimp 20-10 AWG (0.5-6 mm) insulated terminals and connectors. Made of steel.

Multipurpose Wire Stripper

Sixteen tools in one, this handy device can strip and cut 20-10 AWG solid and stranded copper wire. It has a plier nose (great for pulling and looping wire), plus three flat-head screwdrivers, a Phillips screwdriver, wire bender, awl, inch and metric rulers, metal file, wood file, serrated drop point knife, can opener, and bottle opener. Made of Type 440 stainless steel. Size is 4" x 1 1/4". Includes a nylon pouch with belt loop.

#380 Spectra Pro IV-A Light Meter
